According to Cable and Communications Manager of the City of Torrance, Michael D. Smith, "we were very proud to have six of our Torrance shows nominated as finalist, and it's even more of an honor to receive the top position in three categories."

"Torrance CitiCABLE 3 staff works hard all year to showcase Torrance; they feel very accomplished when they get a good response from the public, and it's even a greater day when you are recognized for excellence by your peers."

Winners were chosen out of more than 500 entries and were announced at the annual ceremony held in conjunction with the ACM Far West Regional Conference in Reno, Nevada on October 28 - 30th.

The WAVE awards recognize, honor, and promote the best shows in local community programming produced by the region that includes Arizona, California, Colorado, Hawaii, Nevada and New Mexico.
